Chad Leonard is a loving and dedicated family man, a compassionate Christian brother, and a positive influence in his community participation throughout Dallas County.

He is an extraordinarily intelligent and skilled military and law enforcement professional, highly qualified, and an inspiring and innovative leader in the performance of his duties as Dallas County Sheriff.

My perspective of a man's integrity comes from a time when an honest man's word and handshake were a 100% dependable guarantee, and Chad is unquestionably one of those men. As others have said in their endorsements, Chad Leonard is the "real deal".

I can't imagine any candidate more qualified than Chad Leonard to be the Dallas County Sheriff. He has my vote and anything else I can do as a volunteer to see that he is re-elected.
