

January 15, 2012

Sheriff Chad Leonard is an extraordinary leader in our community. He transformed a dysfunctional office into a highly respected one in our community.

From his years in the military to his experience in law enforcement Sheriff Leonard brings a professionalism, dignity and common sense approach to the Sheriff's department that is desperately needed in Dallas County.

Along with his outstanding background, training and abilities Chad simply cares about the community. He serves, gives and sacrifices his time to bless children, adults and families like no one I've seen in his community. I fully endorse his re-election in Dallas County.
